Vinification

After meticulous selection, the grapes are harvested in early November at the highest degree of ripeness. After destemming and crushing, "bleeding off" of about 15% of the juice is performed to achieve higher concentration. After a short process of cold maceration, the wine undergoes alcoholic fermentation in stainless steel tanks and an extended post-fermentative maceration. Aged for 18 months in Caucasian oak barrels.

Colour

Deep Ruby.

Flavour profile

This outstanding expression of Areni Noir grapes combines elegance and eloquence. Subtle, yet powerful tannins, expressed acidity and long finish create an exceptional balance and complexity. Elegant fruity bouquet with the typical scents of ripe black fruits are accompanied by the oaky notes of chocolate, caramel and vanilla.

Serving

Pairs well with red meats, spicy dishes and hard cheeses.

Ageing

Can be immediately consumed but will reveal its potential in 2-3 years. Can be stored up to 10 years in a good cellar.
